

PARTNERSHIP OFFER

French are looking for European Partners in the framework of the LEADER Program

Name of the LAG

Pays des 6 Vallées

Title of Leader project

Preserving natural resources and developing green tourism

Title of the proposed project

Involving the population in art projects to increase environmental awareness

Objective

Initial position / background / local context of the proposed project

The Pays des Six Vallées is a rural territory with approximately 49 000 inhabitants and an urban sprawl area near the city of Poitiers.

The development of this territory can be based on the preservation and promotion of its natural heritage (forests, rivers, valleys, etc.).

Proposed objectives / activities

Through **art projects**, we want to engage the public in environmental awareness and action and help the population understand its relationship with the environment, the territory and local know-how.

We are looking for partners to organize events with local and European artists in order to make people aware about the importance of preserving the environment, as well as to facilitate public art and environmental education.

Another LAG from our region, the Pays Civraisien, is involved in this cooperative project. **Local organizations work in the field of contemporary art (Rurart, Regional contemporary art collection, etc.).**

Country and/or kind of partner we are looking for

European partners, **in LAG organized**, who have projects in **contemporary art**.

Deadline contact: **May 2010**
